

Insecticide for professional use against flying and crawling insects such as ants, beetles, mites, cockroaches, fleas, flies, mosquitoes, wasps, moths and bed bugs. For use indoors on hard non-porous surfaces, cracks and crevices, hard and soft furnishings, including mattresses and carpets, in domestic situations and public hygiene areas such as hospitals (not occupied wards), offices, industrial premises, museums, aircraft, ships, and military installations. Also for use outdoors on ant and wasp nests.

SHAKE WELL before each use. Dispenses approx. 1.2ml per second under continuous use.

Space treatment: Apply 1ml of product per m³, as a fine mist.

Surface spray: Apply 20ml of product per m², slightly wetting the surfaces to be protected. Repeat treatment as and when required.

When treating mattresses pay special attention to seams, buttonholes and the headboard. Treat both sides of the mattress/headboard thoroughly and leave to fully dry before use. Remove and wash bed linen at 60 degrees C. Treat bed frames and the surrounding area with Cimetro Super EW paying special attention to cracks and crevices.

Full strength ready to use product. Cimetro Super RFU is normally non-staining - a test should always be made first.

To avoid risks to man and the environment comply with instructions for use. This material and its container must be disposed of in a safe way. Do not contaminate foodstuffs, eating utensils or food contact surfaces. Wash hands and exposed skin before meals and after use. Keep in a safe place. Do not touch treated surfaces until dry. Cover all water storage tanks before application. Cover or remove fish tanks before application. All bats are protected under the wildlife and countryside act 1981. Before treating any structure used by bats, consult natural England, Scottish natural heritage or the countryside council for Wales. Hazardous to bees. Action should be taken to prevent foraging bees gaining access to treated nests, preferably by removing the combs or blocking the nest entrance. Do not apply directly to animals. Exclude animals during application. Do not apply to clothing and bedding. Not to be used on pet bedding, pet sleeping quarters or where pets frequently lie. The (COSHH) Control of Substances Hazardous to Health Regulations 2002 may apply to the user of this product at work. Avoid excessive contamination of coveralls.

International
